After starting the season with 2 loses the Park at Surprise team was a little unsure of themselves. Starting with the third game the team gelled and started playing as a cohesive unit. In contention most of the way the team really pulled it together winning 3 out of their last 4 to seal a league championship victory. Everyone on the team contributed throughout the season. The outfield covered by Brian Martin, Kandi Patrick, Jim Mathews and Joe Osowiec caught just about everything hit to them. The infield maned by Jim Willoughby, Tom Gruz, John Hardy, John Bertholdy and Arlene Weslosky was a key to ending the competition's rallies. The outstanding pitching battery of Roger Neumann and John Steele and assistant manager Lyle Gordon completed a roster for a team that never gave up. Winning the league with this never give up attitude capped a great season that was fun for all and especially safe.
