Desert Sands Contracting are the champions of the Summer 1 session. We had a great team with great chemistry that played very well. Our biggest advantage was we played with very few errors. We finished the session with a record of 10-4-2. Our whole outfield was solid and the infielders were usually in the right spot to make the plays. Our rover position (Brad) was all over the place causing the opposing team to record a lot of F11 outs in their books. We want to thank everyone who subbed or helped out to make this a fun and great session.
