Swing Orthopedic enjoyed a great Fall season in the SCG Red League. The balance and the level of play in this League truly makes every game a toss up before the first pitch is delivered. Swing started out hot winning our first four games to take an early 2 game lead. At that point the bulls eye was squarely on our backs as a tough Treedah Magee team handed us our first defeat. From that point we were battling a strong Property Sister's club and a rising Liberty Buick team for the league lead. With two games to go, the teams found themselves in a 3 way tie for first. Swing was able to finish the season by winning our last two games and join Liberty Buick as Co-Champions of the 2019 Red League. Gary and I came away from our first season truly appreciative of everyone who played on this TEAM. Winning is easy, handling losing and sticking together to get back to the top is what we will take away from this group of guys. Well done Swing Orthopedics and Liberty Buick for a great season.
